MANUFACTURING RESULTS

MANUFACTURING RESULTS

YOUR NEW PART PRODUCTION PARTNER.

- ▶ You need parts. Manufactured with care, attention to quality and delivered on time with no flaws or hassle.
- ▶ You want to work with professionals. An ISO 9001 Certified Shop with decades of successful service.
- ▶ You want to partner with a Company experienced in multiple markets. Using various materials, and able to assist with design challenges through sheer determination and solid knowledge.
- ▶ You want Documented Processes-Start to Finish, a 99%+ Accuracy Factor with Key Personnel Always Available and 70+ Years of Experience.

Since the beginning, over 70 years ago, our goal has remained steadfast... provide the best and most sought after manufacturing expertise while finding better, faster, more cost-effective process procedures for every customer served.

UNITED SCIENTIFIC IS THE CONSUMMATE PART MANUFACTURING COMPANY.

We manufacture parts, components and assemblies for a wide variety of market segments, nationwide.

Our St. Paul, Minnesota facility employs a strong team of seasoned professionals working with state-of-the-art equipment, all under stringent and highly-adhered-to ISO 9001:2008 Quality Initiatives.

Most of our key employees have been with United Scientific for over 20 years.

OUR #1 PRIORITY AT UNITED SCIENTIFIC IS TO DELIVER THE BEST QUALITY PARTS POSSIBLE.

And, we are out to build solid relationships with every customer we serve. By delivering high quality parts and assemblies while providing exceptional service on an ongoing basis, we're building trust. And we all know, trust is the foundation for long-term professional relationships.

PROVEN QUALITY

Our list of longstanding customers is the result of time-tested quality controls including extensive PFMEA and CPK analyses to ensure your job is done right and on-time.

Our record of success has made us a key supplier to leading Fortune 100 and 500 companies. We're also proud recipients of several National Awards in recognition of Continuous Quality and On-Time Delivery. However, if you are in need of good, solid prototype-work and/or small-batch manufacturing, we accommodate all manufacturing requests; small to large volume production, most any size, shape, finish using a variety of materials.

This is United Scientific, your go-to supplier for Manufacturing Results...the way you want it done.

Do it better, do it faster, find better ways and save time and dollars. That is constantly witnessed at United Scientific.

INDUSTRY-LEADING MACHINE SHOP SERVICES

We produce top-quality, custom-made parts. Our facility can handle most any sized job and we use the latest technology to work with a variety of materials.

At United Scientific, good enough is never good enough. Regardless of the type of product or service you need or the size of your order; you have our word that the job will be completed and delivered to your exact specifications, on-time and on-budget.

SCIENTIFIC IN PROCESS, UNITED IN PURPOSE.

United Scientific is a place for success and gaining... Manufacturing Results.

At United Scientific, you will find the power, the mind-set and the continuous desire to assist you in reaching your manufacturing goals.
